

PRACTITIONERS APPOINTMENT FEES (for self-pay patients)

Our independent practitioners are responsible for setting their own fees, terms and conditions. The self-pay fees charged by each practitioner are subject to payment terms as described below and may be higher where payment terms are not met. Insurance fees may vary from self-pay fees.

The table below details fees for appointments only. These do not include fees for injections, orthotics, podiatric surgical procedures, radial shockwave treatment or any other sundry items e.g. rehabilitation aids or tape for which additional charges will be made (Please contact our reception team if you would like further details)
